Upcoming Educational Events:

APRIL:

Introductory One Day Workshop to Anthroposophic Medicine

April 27, 2019, 9:00am to 5:00pm, in Chestnut Ridge, NY

NEW! Thanks to a special grant, full scholarships are available for limited number of medical student and residents!

A day of presentation, observation, case study and conversation, offered for those who are new to the practice of Anthroposophic Medicine. The Introductory Workshop is open to medical students, residents, fellows and other practicing physicians, including those who are in their first or second year of IPMT training. Details and registration are available at <https://paam.wildapricot.org/event-3082189>
Questions? Write to paamdrscourse@anthroposophy.org.

Pre-IPMT Workshop presented by ATHENA – Women’s Health: Experiencing the Approach and Potential of Eurythmy Therapy

April 27, 2019, 9:00am to 4:30pm in Chestnut Ridge, NY

Registration deadline is April 20, 2019. Contact Mary Ruud at livingartseurythmy@gmail.com or Dale Robinson at dale1022@sbcglobal.net.

International Postgraduate Medical Training (IPMT) 2019

April 27-May 4, 2019 in Chestnut Ridge, NY

Medical focus on anthroposophic pharmacy, women’s health, and the threefold dynamics of the healing process. Nursing focus on assessing body, soul and spirit, external applications and warmth and rhythm to support wellness. Offerings for both newcomers and those who are more experienced.

Special guest faculty: Albert Schmidli, PharmD, Carmen Eppel, MD and Andrea Rentea, MD

See [course descriptions here](#), read more about [faculty here](#), and [register online here](#).

CME and CNE units will be available.

[For details about the completely new CME process for the 2019 IPMT week, click here.](#)

MAY:

NEW! Introductory Case Discussion Group – A PAAM Training Group Mentoring Offering

Wednesdays: May 15, June 5, June 26, July 17 and Aug 7; time to be determined based on preference of the majority of the group

This is an opportunity for new learners of anthroposophic medicine to practice a three-fold approach to illness through case discussions. The meetings will explore how clinical insights and more individualized treatment plans can be developed for conditions such as headache, hypertension, sleep disorders,

constipation/IBS, and other common illnesses. Suggestions for follow-up reading or other clinical resources will also be shared.

These discussions are intended for practitioners who have completed one or two IPMT training weeks, but they are also open to those who are brand new to anthroposophic medicine and are willing to do some preparatory reading ahead of the first meeting.

Each of the five 90-minute sessions will be a live webinar format, with time for questions and discussion. Each session will be recorded and made available to participants for later review, or as a back-up of you are unable to participate in one of the sessions.

The course is limited to practitioners with a license to prescribe medicines (MD, DO, ND, NP, PA), and enrollment will be capped at twenty participants. [Click here to register](#).

Course moderator: Alicia Landman-Reiner MD

Dr. Landman-Reiner practiced Anthroposophic Medicine (AM) as a board-certified family doctor. She founded and directed PAAM's training programs through 2015. She is a beloved teacher and especially enjoys working with newcomers to AM.

Dates: Wednesdays, May 15th, June 5th, June 26th, July 17th, August 7th. The group will meet at either 3pm EST/noon PST or 8pm EST/5pm PST based on the preference of the majority of the group.

Participants who successfully complete the course will be awarded 25 mentoring hours (which apply towards the 250-hour mentoring requirement for certification in anthroposophic medicine).

JUNE:

Best Practices Mistletoe Course – A course offering research, case studies and practical hands-on information regarding cancer care and the use of mistletoe

June 21-22, 2019 in Baltimore, Maryland

Taught by some of the most experienced allopathic and naturopathic clinicians in the field: Steven Johnson DO, Peter Hinderberger MD, Marion Debus MD, Nasha Winters ND and Paul Faust ND

[Click here to see more information, including topics](#), read more [about faculty here](#), and [register online here](#). Space is limited; best pricing is offered until March 30, so register early!

Vermont Community Health Clinic seeking Physician

Sojourns Community Health Clinic is looking for a full-time or part-time MD or DO to assist us in serving our Lyme disease and primary care patients. We are a nonprofit interdisciplinary holistic clinic, where collaboration is the cornerstone of our model of care. We offer general family health care, wellness support, health education, and we have an apothecary on site. Our practitioner team consists of: Medical Doctors, Nurse Practitioners, Naturopathic Physicians, Chiropractors, Physical Therapists, Acupuncturists, Massage Therapists, and a Registered Dietician. Sojourns Community Health Clinic is located on 11 acres of organic farmland near the Connecticut River in Westminster, Vermont. If you would like to discuss this opportunity further, please contact Cheryl Sanctuary at 802-722-4023 or email csanctuary@gmail.com.
